Home Bureau Members Plan Gala Breakfast

A large group of members representing a majority of the units of the Will County Home Bureau met in the Farm Bureau conference room March 3 to make plans for a county wide "Homemaker's Breakfast" to be held sometime in April. The breakfast will be held from 9 until 12 in the morning with James S. (Jimmy) Hart as master of ceremonies. The date and place will be announced later.

The general committee members in charge of arrangements are Mrs. Ray Walsh, Mrs. Frank Goodwin and Miss Marguerite Offerman and among the chairmen assisting them are: Mrs. Emma Scott, Frankfort, Mrs. George Elsner, Mokena, and Mrs. Emanuel Wondrasek of New Lenox. Each chairman or group will choose a committee to work with her.

This Sunday, March 26 at 2:30 p.m. in the Joliet township high school auditorium, the Will County Rural chorus, under the direction of W. Arthur Eneix of Lockport, and the Joliet Symphony orchestra conducted by Pasquale Crescenti of Joliet, will give a combined concert. The former, organized in April, 1947, is part of the extension project of the Will County Farm and Home Bureau and of the state wide chorus activity sponsored by the College of Agriculture, University of Illinois.

The Chorus has 70 active members and in both 1948 and 1949 appeared as representatives of Northern Illinois at the Illinois State fair and on Thanksgiving day programs of radio station WLS's famed "Dinner Bell" program. It is recognized as the finest chorus of its kind in Illinois.

In Sunday's Joliet concert, the chorus will be heard both independently and with the Symphony orchestra, with the following numbers in two periods: "Beautiful Savior" by F. Meilus Christiansen; "Almighty God of Our Fathers" by Will James; "Hosanna Pomiliu" (Mercy On Us, O Lord) by G. V. Lvovsky; "Fred Waring arrangements of 'The Holy City' and the Hammerstein and Rodgers' hit, 'You'll Never Walk Alone'."

Also "The Sleigh" by Kountz, De Gospel Train, Concert Version by Noble Cain, Czech-Slovakian Dance Song; Lincoln's Gettysburg address by Carl A. Mueller, narrated by Fred Holt; and a quartet from the chorus, consisting of Ray Libersher, Ray McGuire, Charles Macier and Woodrow Engle, will be heard in a number of selected pieces.

In combination with the Joliet Symphony orchestra, the two great Will county musical organizations will be heard in Richard Wagner's famed "Egmont's Chorus from his opera, 'Tannhauser' in a medley from Sigmund Romberg's famed "The Desert Song," in the Lord's Prayer by Albert Hay Malotte, and the "Battle Hymn of the Republic" by Julia Ward Howe. The Romberg medley will include: "One Alone," "The Desert Song," and "Riff Song" and "Romance."

Under the baton of Pasquale Crescenti, the Joliet Symphony Orchestra will be heard independently in the second movement from Symphony 4 in F Minor by Peter Tschakowsky and in "March Hongroise" by Hector Berlioz.

Miss Shirley Steinquist, will be the organist for The Holy City and the Battle Hymn of the Republic, and as always, Mrs. Bernice Burgess will be chorus accompanist.

Tickets may be obtained from any member of the Will County Rural chorus, the Joliet Symphony orchestra or at Stillman's Drug store in Joliet or the Volz News Depot in Lockport. Season tickets for the Joliet Symphony Orchestra will not be honored.

The real purpose of the joint concert is to bring another phase of musical culture to the rural areas of Will County for personal participation. Therefore, all residents of Will County are invited and urged to attend the concert at the Joliet Township High school auditorium next Sunday at 2 p.m.

Voters' Indifference Cited As Country's Worst Enemy

Walter B. Carroll of Westmont, candidate to the general assembly from the 41st district, and who is a practicing attorney, said recently at a meeting:

"Our worst enemy in the fight against centralization and its attendant evils is complacency on the part of the general public, who too often sit back and let things be done and withhold their protests until after these totalitarian pieces of legislation are allowed to become law," Carroll reported. "Our voting constituents must shake off this lethargy and elect people pledged to the eradication of over-centralization."

He has been firm in his campaign in support of the doctrine of home rule, reiterating his opposition to many measures which provide for a centralization of government. Grants from state and federal governments such as are now being experienced carry with them a control string, he said. It would be mere folly to believe that such is not the case. Recent court decisions have substantiated the right control over the use of funds which of higher government to exercise. It does not for one reason or another. Government is like a person; it won't give its money away without stipulating how it shall be used. That is only normal.

MOKENA GRADE SCHOOL NEWS

New Lenox Leader Is Woman of the Year

By Mrs. Leonard Anderson
If there would be an award given in New Lenox to the most outstanding woman of the year, in the opinion of many it would go to Mrs. Walter Hamilton.

Mrs. Hamilton is known not only in her own community but was voted one of the most successful leaders in the state 4H club work. She has been a leader of two 4H groups, the Cardinals and the Blue birds, for more than seven years. In the summer months they total about 50 girls. The former are of high school age and the latter from 10 years to high school age. In the younger group the leader must lay basic plans if the members are to show achievement in the later years and the older group shows the results of her work.

Mrs. Hamilton, who is a member of the Will county home bureau, has passed on to the girls the lessons given to the older group by specialists from the University of Illinois. The girls under her leadership have given demonstrations at the state fair and won ribbons for cooking and sewing. She has always been ready to help them with their problems even between meetings.

These better homemakers of tomorrow have also learned swimming and canoeing as well as the art of outdoor cooking and camping, on trips they have taken with their leader.

Mrs. Hamilton, as a member of the Homemakers club, has demonstrated the making of gloves, lamp shades, shag and hooked rugs, dress forms and householders. She taught the remodeling of dresses and hats and was so successful as a milliner that he was asked to give a demonstration at a woman's club in Joliet.

In any organization of which she is a member Mrs. Hamilton always takes an active part, no matter how unpleasant the duties involved. She is a member of the PTA and the Home Bureau and helps with the work of her church circles. Her talent as an alto singer and her enjoyment of music makes her a valuable member of the church choir and the Will county rural chorus.

Mrs. Hamilton, with her artistic ability and her willingness to be of service, has been a valuable member of the New Lenox Garden club. She is an able equestrienne and enjoys her membership in the Riding club.

The community greatly appreciates Mrs. Hamilton's kindness in lending her qualified leadership to any good cause where it is needed. If there were more people like her, the world would indeed be a better place in which to live.

Meetings have been called by the school boards of several of the neighboring townships to start plans to decide what course to take in this matter. Every school district must face these problems and attendance at the meetings will give everyone a voice in deciding what action should be taken.

Peotone Dist. & Ann Rutledge School Children to Receive Sodium Fluoride

All of the grade school children in Peotone Unit District and Ann Rutledge Schools are eligible to receive sodium fluoride applications, announced Dr. L. L. Fetherree, Will County Health Officer.

This is a demonstration program approved and sponsored by the local dentists, schools, and Will County Health Department, in cooperation with the State Department of Public Health, Division of Public Health Dentistry.

All grade children in these schools are eligible to take advantage of the sodium fluoride treatments providing parents sign the request cards which will be distributed to the children through the schools next week—March 27th.

These cards will have to be signed and returned to the schools by March 31st.

Portable equipment will be set up in the Peotone school, to which children from Green Garden, Wilton Center, Will, and Ann Rutledge schools will be transported for the treatments.

The team consists of a State dentist and his assistants. Four applications of sodium fluoride will be made to the teeth of each child at from 2 to 7 day intervals, he said. The first application will be preceded by a cleaning. Later, at about three-year intervals, or as new teeth come in, the four applications should be repeated.

The technique used by the team is the one used in the research work on thousands of school children which showed a forty to fifty percent reduction in the amount of expected new tooth decay.

The technique consists of cleaning the teeth prior to the first application, isolating the teeth with cotton rolls to prevent wetting of the teeth by saliva, drying the teeth with compressed air, applying the solution with a cotton swab and drying naturally in air for four minutes.

Sodium fluoride is not the com-

The Republican rally to be held this evening, Thursday, March 23, in the new VFW hall on Wolf road, Mokena, is an answer to the many persons, especially those living in the country, who say, "I'd like to see the candidates, then I'd know if I want to vote for them."

That is the purpose of having the rally so that people can meet the candidates, talk with them, ask them questions and thus help to decide for whom to vote. It is most impossible for any candidate to call on each voter throughout the county or district, even though they do spend all their time for weeks doing just that thing.

Therefore everyone in this territory of Will County is invited to attend the meeting this evening, March 23 at 8 o'clock. And after the meeting, stay and have a cup of coffee and a doughnut and visit with the candidates and your friends.

A special invitation is being also extended to the voters in New Lenox, Homer and Frankfort townships and anyone else who cares to come. All are welcome, all is free.

Immunization Clinic For Mokena Children

Immunization clinic will be held on March 30, April 21 and May 26 at Mokena school, announced Mrs. Elizabeth Cappel, principal of the school.

In announcing the clinics, she pointed out that many school children are not protected against smallpox, diphtheria, whooping cough and tetanus.

This year, the Will County Health department has advised the schools to use the combined Diphtheria, Pertussis (Whooping Cough) and Tetanus immunization called D. P. T. In this way the child is protected against whooping cough and tetanus at the same time he receives his diphtheria protection. Vaccination and re-vaccination for smallpox will be given for those who need this protection.

Dr. E. G. McMahon will be giving the immunizations at the clinic, assisted by Mrs. Margaret Emmett, public health nurse from the Will County Health Department. A committee of mothers from the PTA will help the doctor and the nurse during the clinic. The cost will be fifty cents per shot.

Parents are urged to take advantage of this opportunity to protect their children from these diseases. The Principal also stated that parents of pre-school children are welcome to bring their children in for this service.

The clinics are being arranged through the cooperation of Mokena school, the PTA and the Will County Health Department.

Call For More Girl Scout Leaders

Beginning March 12, the Girl Scouts' 38th birthday, the Girl Scouts of South Cook County council started an area-wide Leadership drive. There are 3,564 Girl Scouts now active in troops throughout South Cook county. According to the 1940 census that means about 3 out of every 10 girls of Scout age are now in Girl Scout troops. The Council is concerned about the other seven. Some of these are now on waiting lists "waiting" to come in, waiting until more adults volunteer to help.

Leaders help a group of girls to have a good time. The Leader also has a good time, as she does things with not just for the girls. At present 383 leaders and 628 troop committee members are making the program possible for the present Girl Scouts. Leaders meet with these girls weekly, help them plan the things they want to do, and lend a helping hand in carrying out these plans.

Troop committee members, every troop has a committee of three to five men and women, help the leader by giving the troop community backing, by furnishing transportation, a meeting place or providing interesting community projects.

On March 12, 1912, there were 12 Girl Scouts in the United States all of them living in Savannah, Ga. Today, 38 years later, there are more than a million and a half Girl Scouts from Maine to California. For all these 38 years, good citizenship has been the aim and purpose of Scouting. A Girl Scout

troop is a little democracy in which each girl learns to assume responsibility to use initiative, to give service, to respect the rights of others, to work and play in harmony with her community. Girl Scouting is for all girls, regardless of race, creed and color.

Children today, as always need good homes and good towns to grow up in and adults have the responsibility of seeing that good homes, good environment, and educational opportunities become increasingly possible for all children. To meet the challenge of future citizenship, children and young people must practice being citizens learning the privileges and responsibilities of democratic citizenship at first hand in small and larger groups, according to their age and experience. This they can do only with the help, the wise and trusting guidance, the leadership of adults.

Our girls want scouting—but they need adult help and guidance. Hundreds of girls are waiting now right here in South Cook county—waiting for adult leaders, consultants and advisers. They need women who will lead troops—they need men and women and community organizations who will just take an interest and help in little ways. You can provide a meeting place, or share your hobbies or help with the summer camp program—and you can have fun doing it. Won't you call the area office, headquarters for all South Cook county, Harvey 1068 today? This is a call for You! You can guide a girl to better citizenship by helping her become a Girl Scout!

SCRIPTURE: Romans 1:1, 7-15; 15:23-29; 16: Acts 27-28; Philippians 1:12-20; 4:22

World-Wide Church

Lesson for March 26, 1950

GOD WORKS his purposes out in ways that not even the wisest of his servants can foresee. A beautiful example of this is the way Paul went to Rome. Long before he saw that city he wanted to preach there. All roads led to Rome, as they do to all world capitals, and people went there from everywhere.

World Horizon

When Paul writes to his "pen-friends" at Rome (15:22-29) of a projected trip to Jerusalem and Spain, taking in Rome on the way, he was laying out a trip to the east and west ends of civilization, the jumping-off places. His plan was as ambitious as if a modern evangelist would write to some church in India: "I Dr. Foreman aim to visit Iceland and Japan, and call on you on the way out."

Dr. Foreman

Bond Voyage

PAUL EXPECTED to go to Rome a free man, his ticket (so to speak) reading on through Spain. Actually that was the end of his run. He went there under military guard, prisoner under sentence. The story is all there in Acts, how first he was jailed for protection from a blood-hungry mob, then kept in jail on general principles (which is to say, the governor kept hoping he would pay well for an acquittal), and finally appealed to Rome, the highest court of the empire. Appeals were expensive and slow, then as now. But Paul must have come to look at his imprisonment, false as it was, as a heaven-sent opportunity to make that journey to Rome. It was a gilt-edged accident insurance. Free, he might never escape the plotters and reach Rome alive. Chained, the efficient Roman army would see that he arrived—and he did. Four pairs of eyes were on him night and day. No plotter could stick him with a dagger or shove him overboard. So—after some hair-breadth escapes to be sure—he was delivered safe and sound in the very city of which he had been dreaming all these years.

The Church at the Hub Of the World

THERE IS NOTHING at all in the New Testament to indicate that the church at Rome was considered, by Paul or any one else, as The Church, or the Mother Church. There is no claim that it was founded by St. Paul, still less by St. Peter.

It grew, as other churches grew, by infiltration. Christians who moved to the big city would get together, and there the church would be. Yet, of course, the Roman church was important.

It was important because it was at the hub of the civilized world. Paul did not seem to mind it in the least, that he could work only inside his prison, or "confined to quarters."

Writing from his jail cell to the Philippians, he mentions converts from the army and from the imperial slaves. ("Caesar's household" in Phil. 4:22 does not refer to the Emperor's family, but to the retinue of palace slaves.) We know from the letter to Philemon that Paul converted at least one "jailbird" named Onesimus.

The True Church Is A Marching Church

PAUL KNEW that a soul is a soul, sitting in the emperor's chair or waiting at the emperor's table. God is no respecter of persons. But he also knew that these Christian soldiers would not always stay in Rome; that even Christian slaves would be sold down the river; that the restless feet which brought their owners to Rome would take them away again. Great cities are like that.

Putting down Christianity in Rome was not like putting a single seed into a sheltered corner of the garden. It was like scattering a handful of it to the breeze, to be carried far and wide. Paul's vision is still the vision of the church at its best. The true church marches on, along the high-roads and byroads of the world.

We shall never be content with a narrow, sheltered Christianity. We cannot be satisfied with half-world religion. Only world-Christianity matches the grandeur of the New Testament ideal.

Illinois Ag. Assoc., Gives Vital Facts

The Research director of the Illinois Agricultural association reports the following, which should be of interest to all citizens since income tax time has been met. As a taxpayer, you might wish to let your congressman know your ideas. The Hoover Report's adoption will help some.

Here are some general facts and a list of senators and your representatives from Illinois:

"1. The Federal debt amounts to a \$7,000 mortgage hanging over your family.

2. Three out of four dollars of taxes you pay go to the Federal Government.

3. Federal income taxes and hidden taxes cost the average family \$1,000 yearly.

4. Governmental expenses can be cut one dollar in ten if Hoover Report recommendations are followed.

5. The deficit in the Federal budget for the current fiscal year is more than the entire budget of 1939.

6. It takes four times as much "help" to process a veterans' insurance policy as it does for a private one.

Write your Congressman about it here's the list:

To commemorate the memory of Major Richard I. Bong, Airforce hero of World War II, the Cook county council of the American Legion will recommend that the newly constructed Northwest super highway be named and dedicated in his honor, Patrick J. O'Donnell, Cook county Commander has announced.

O'Donnell also announced that the Cook county council would make a cash contribution of \$600 to the American Red Cross, and \$200 to the Chicago Heart Association fund.

The council is urging that the Forest Preserve district, Park district, Board of Education, Bureau of Parks and Recreation, and the State of Illinois armories provide facilities for small-bore rifle and pistol ranges for practice by organized rifle and pistol clubs in the Chicago area.

A Bit of History
Of the Shamrock

Most any Irishman worth his salt will be ready to do battle if you tell him that the shamrock was originally an important symbol for a pagan religion. But, nevertheless, it is a fact, say the research experts with Childcraft books.

To make matters worse, the shamrock's pagan home was none other than the dear old Emerald Isle.

But even the pagan shamrock couldn't hold forth against the influence of St. Patrick, and the Saint's use of the green clover gives some insight as to why he is known as the world's most famous missionary.

Before St. Patrick's arrival, the Irishmen were 100 per cent pagan, steeped in the Druid religion. They believed in the existence of spirits, phantoms, and miscellaneous gods who were all powers of evil. Hall-oween today is a direct descendant of an ancient Druid "spirit" festival.

St. Patrick converted 120,000 Irish men, established more than 600 schools and churches, founded several colleges, consecrated two bishops allegedly cleared the land of an unknown number of reptiles, and established the pagan shamrock as a Christian symbol.

The missionary often turned the tables on the Druid religion. An example of this is the trefoil or clover which, to the Druids, was not just an ordinary flower. It had been assigned supernatural powers by the chief Druid priest, and was considered a powerful symbol of magic. St. Patrick's main problem in teaching Christianity was the explanation of the Trinity. The missionary, realizing the significance the pagans placed on the shamrock used the three-leaved flower to explain how there could be three persons in one God.

When the Irish saw their "magic" shamrock used to explain a principle of Christianity, many were convinced and asked to be baptized. The shamrock thus became a symbol of the Irish Christians.

Although shamrocks are worn all over the world, the Irish of Boston wear theirs with particular enthusiasm.

ism. Before the Irish came to Boston in large numbers, March 17th had been celebrated as Evacuation Day—the day the British withdrew their troops from Ireland.

The Irish in the 1800's welcomed any circumstance which reflected credit on the British. They accepted the fact that Evacuation Day and St. Patrick's Day fell on March 17th as a happy coincidence. They still do.

Simpson Tells of
Party 'Slates' and
'Syndicate' Control

Urging that all Republicans in Illinois go to the polls on Tuesday, April 11th, and express their preference for the party's candidates in the important 1950 election, James Simpson of Wadsworth, Republican candidate for State Treasurer, commended the Republican county chairman of Illinois for taking a "hands-off" policy in the coming primary.

"Two years ago in the primary election many thousands of normally Republican voters stayed away from the polls," said Simpson. "There was nothing for them to vote for. A 'slate' had been made, and the average voter found that he had no chance to express a preference as to candidates of his party."

"This year it's different. Republican voters will have candidates to choose between. It is now their responsibility to select the candidates best able to win in November, and candidates that will really represent the voters when elected."

"If Illinois is to be protected from sinister forces that seek control of public offices to protect their rackets, then Republican voters must turn out in the April 11 primary. It is common knowledge that the 'syndicate' has a lot of interest in this primary. They will seek to nominate their approved candidates by every method. The only way to defeat these evil forces is to vote in the primary, and beat the candidates that are definitely tools of such 'syndicate' forces."

"I shall become very specific in the course of the campaign as to the identity of these persons, who for purely selfish reasons, are so interested in controlling the com-

ing primary, and putting 'their men' in offices this fall. These persons are not interested in parties, their only interest is in electing men they 'OWN' regardless of party. Let's keep them out of the Republican party. We can do it if all voters turn out and take part in the primary. I hope, of course, that Republican voters will vote for me, but regardless of that, I hope they'll support candidates who are free from any alliance with these underworld forces."
